### OVERVIEW

Created as a medium duty solution for café, kiosk and c-store, **Inline 3000 Series** cabinets provide a plug and go solution. A range of installation options is available to make it easy to integrate the display cabinets in your retail space: in counter, on counter, or freestanding. This Cabinet Series is tested to 60 door openings an hour while still maintaining core product temperatures for food safety. Developed using FPG's world class design expertise to extend shelf life and help you sell more. Optimised for energy efficiency and to deliver the lowest total cost of ownership over the life of the cabinet. A proven performer.

### FEATURES

- High energy efficiency - 1.3 kWh per hour average
- Cabinet operating temperature range +30°C - +90°C
- Recommended core product temperature > +65°C
- Sliding doors (staff side) and fixed front or sliding doors options (customer side)
- Two adjustable shelves and base for product display
- 25,000 hour LED lighting to cabinet top and optional shelf lighting available
- Low wattage high density elements for even temperature distribution
- Fascia and base extrusions can be fitted with clip-in decorative inserts or signage panels
- Unique shelf mounted ticket strip front and rear
- Fully double glazed for energy efficiency
- Also available as a in counter or on counter model
