ENCORE

SERIES 8 OPEN FRONT

Accelerate your sales.

Encore Series 8 Open Front refrigerated cabinets remove barriers between your customers and your products — making it easier for shoppers to browse, reach, and buy. The result? Higher conversion and repeat sales.

Designed to work seamlessly with the wider family of Encore Series 8 cabinets, you can create a stunning lineup of food and drink displays. Perfect for c-stores, cafes and bakeries.

Save on set-up costs and time. Replace counter joinery by adding finishing features to freestanding cabinets. Or choose in-counter or on-counter cabinets for installation in attractive custom-made joinery.

With a wide range of modular configurations — including clever rear Sling Doors that slide and swing, and Pull Out Shelves — Encore Series 8 Open Front cabinets help your team work smarter, faster, and more safely.

Encore – working smarter at all levels.

Encore Series 8 Open Front Refrigerated 900

SELL MORE

Encore Series 8 Open Front cabinets are designed to help you sell more.

Repeat sales from delighted customers

Deliver a reliably fresh experience that keeps customers coming back.

With core product temperatures consistently maintained at **+1°C to +3°C**, your food and drinks stay optimally chilled and safe — including food and dairy products.

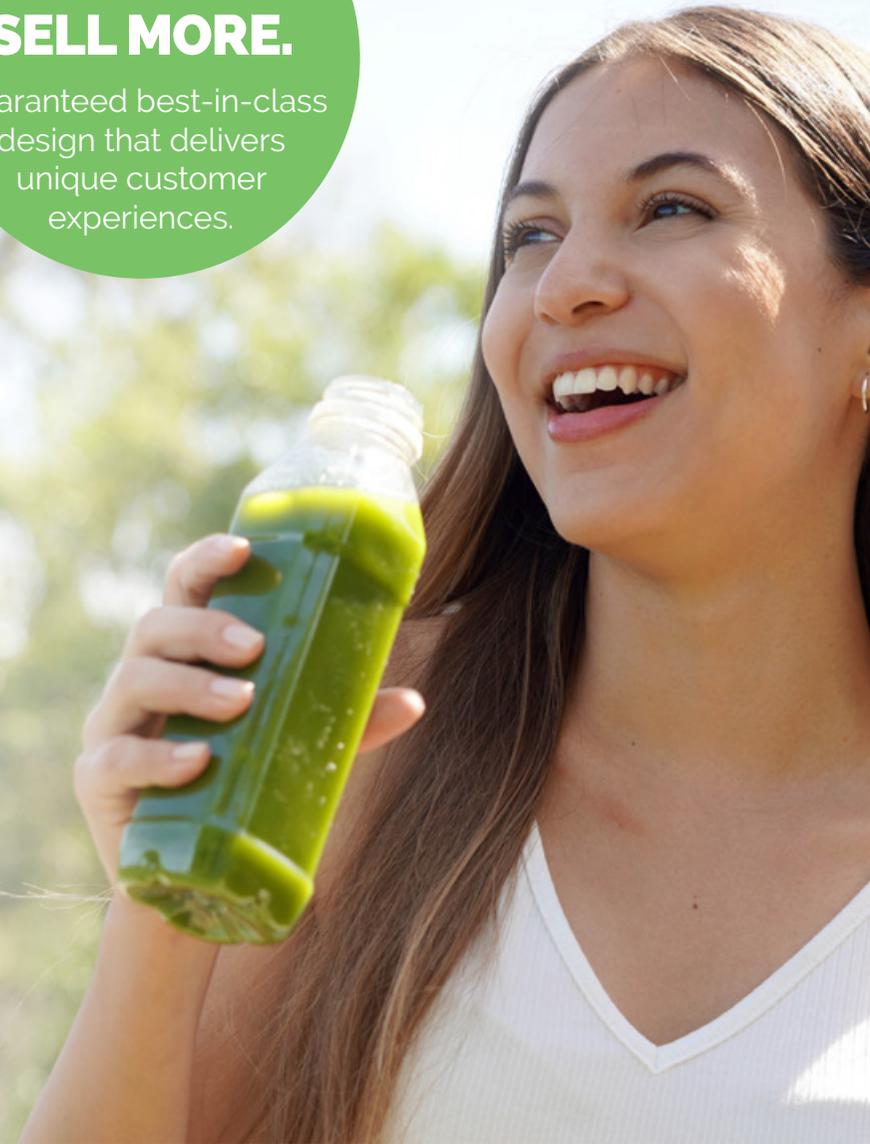

Ultimate safe access

Open front access is perfect for high traffic environments and for customers who may find sliding doors difficult to use in self-serve businesses.

It's also an excellent option when hygiene and reduced touchpoints are important.

WE
HELP YOU
SELL MORE.

Guaranteed best-in-class design that delivers unique customer experiences.

LIGHT IT UP

Brilliant, long life LED lighting at the top of the cabinet and under each shelf ensures your food and drinks are displayed at their best.

With up to 50,000 hours lifespan, lighting maintenance stays minimal while your products always look irresistible.

ELEVATE YOUR BRAND

Create a merchandising display that excels in attracting customer attention and differentiates your brand. Explore the options with FPG.

ATTRACT WITH COLOUR

Choose custom colours for the shelves and ticket strips to complement your branding and create impact.

WARM IT UP WITH WOODPRINT

Apply woodprint to shelves to create a natural, inviting display.

ENRICH WITH MIRROR EFFECT

Mirror effect on the sides of your cabinet makes your display appear more abundant.

ENHANCE FOOD OFFER WITH BRANDING

Custom decals on freestanding cabinets boost your brand presence and create impact.

of the cabinet.

Encore Series 8 Open Front Refrigerated 1200

ENCORE

SERIES 8 OPEN FRONT REFRIGERATED

Compliant and trustworthy

Encore Series 8 Open Front cabinets are compliant with the latest international regulations for electrical safety, electromagnetic emissions, and eco-design.

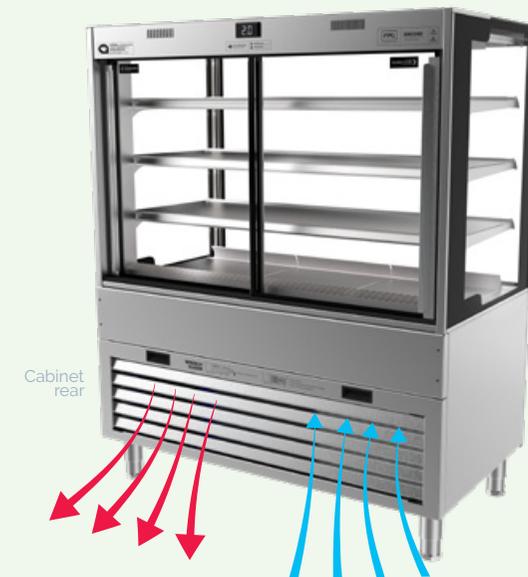

Refrigerated cabinets are fully tested for energy efficiency and listed on government-sanctioned energy efficiency databases in Australia, New Zealand and Europe.

FPG Freeflow air technology

Conveniently, the venting of refrigerated cabinets is managed by the FPG Freeflow air technology.

Vents are on the staff side of cabinets, leaving the customer-facing side streamlined.

INSTALLATION

FPG provides multiple cabinet configurations so you can choose the model that best suits your installation needs.

IN-COUNTER & ON-COUNTER CABINETS

Request in-counter or on-counter cabinets to install your Encore Series 8 Open Front cabinet into custom-made counter joinery.

For an exceptional finish, FPG can help you with a full turnkey package.

FREESTANDING CABINETS

Save money! Configure your cabinet with options specifically designed for freestanding cabinets and eliminate the need for joinery.

IMPROVE OPERATIONAL EFFICIENCY

UNIQUE SLING DOORS

Upgrade rear sliding doors to FPG's innovative Sling Doors for the perfect combination of sliding convenience and full width swing access.

Stock faster, clean easier, and reduce the risk of breakage or strain.

CONVENIENT PULL-OUT SHELVES

Available with Sling Doors, Pull Out Shelves transform stocking and serving efficiency, giving your team quick, ergonomic access to every shelf.

OPERATIONAL FACTORY-FITTED OPTIONS

FIXED REAR DECK

Add a handy rear deck with inbuilt holder for tongs.

ROLLERS OR CASTORS

If cabinet mobility is important, replace legs with unidirectional rollers or heavy-duty lockable castors for freestanding cabinets.

NIGHT CURTAIN

Add a night curtain to minimise energy consumption after hours.

OPTIONS FOR FREESTANDING CABINET

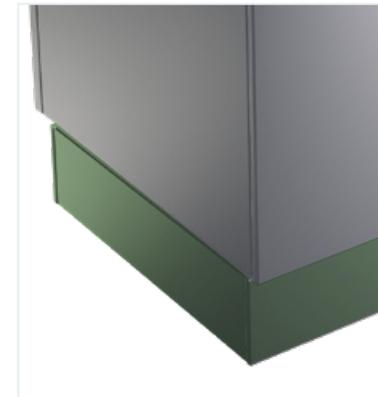

A tray race with options to include bag and tong holders.

A bumper rail for added protection.

Bumper rail with **product bin** to hold ambient packaged product. Optional bag and tong holder available.

A toe kick.

SUSTAINABILITY

From the outset FPG has been engineering cabinets to deliver core product temperature while optimising energy efficiency. Our cabinets help customers to use less power and to reduce their food waste by extending shelf life.

FPG has a track record of transitioning its refrigerated cabinets to use refrigerants that are kinder to the environment; the latest transition being the uptake of organic refrigerants such as R290.

We build our cabinets to last. Using high quality components to ensure consistent reliable operation, our customers experience less business interruption. From long-life LEDs to double-glazed glass with a low-E (low-emissivity) coating for insulation, components are consciously selected to contribute to the cabinet's longevity and operational performance.

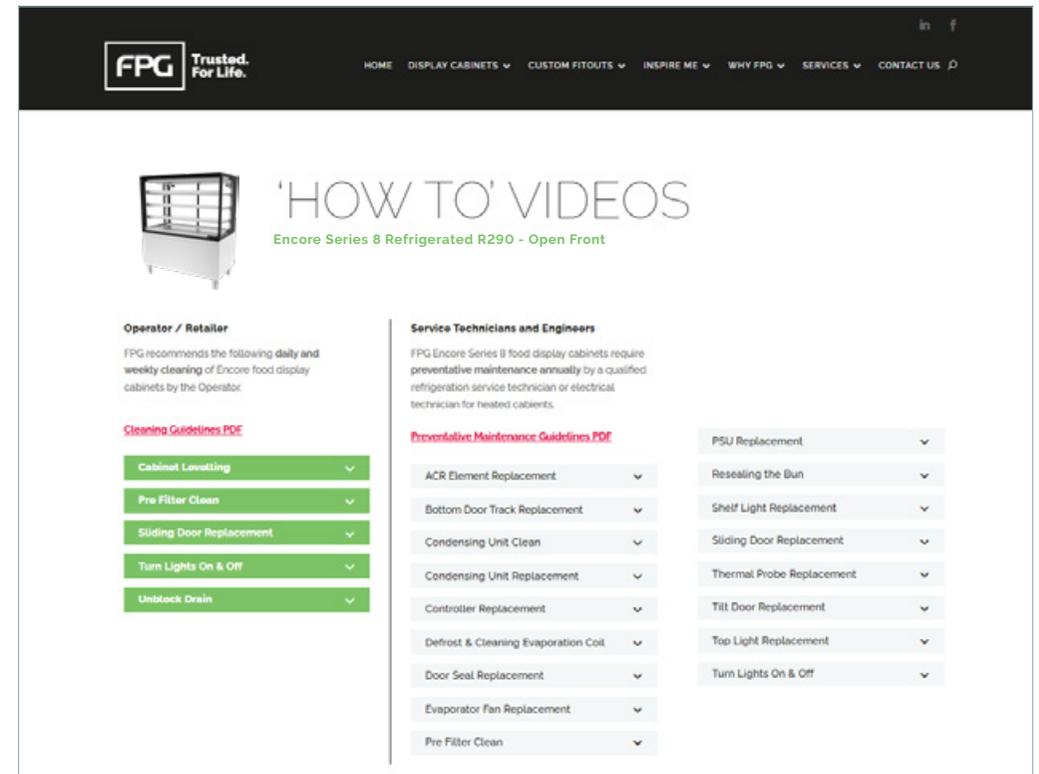

We promise to have spare parts available for as long as your cabinet is in service. And, at the end of their life, we estimate that 85% of our cabinets (by volume) can be recycled.

TRUSTED FOR LIFE

Extend the lifetime of your cabinet.

A few simple actions are all it takes to extend the lifetime of your cabinet and keep your warranty valid.

- Illustrated daily and weekly cleaning guidelines for operators are available from the "How To" webpage accessed from the Service menu on the FPG website.
- For refrigerated cabinets save on technical support costs. Protect the refrigeration system by:
 - Cleaning the easy-to-access pre-filter fitted located behind the rear vents weekly.
 - Scheduling a deep clean of the condenser coil and inspection of the cabinet annually by a refrigeration technician.

CABINET WARRANTY

Cabinet warranty.

The warranty term is:

- Two years for all Encore Series 8 Open Front cabinets.
- Three years for the condenser in refrigerated cabinets.

Warranty terms and conditions are published in the cabinet manual.

Well supported.

FPG Technical Support is available online and by phone.

We publish online resources to support the technical service providers of our customers. These include 'How To' videos and comprehensive manuals.

We also offer training via online platforms and recommend the spare parts the service provider should hold locally to service the cabinets.

**BUILT
TO LAST**

We stand by
everything we sell
for its lifetime.

STANDARDS MET

International safety standards for electrical refrigerated appliances:

International safety standards for electrical refrigerated appliances:
IEC 60335-1, IEC 60335-2-89, and the equivalent country-specific standards including AS/NZS and BS EN.

International standards for electromagnetic compatibility/emissions:
CISPR 14-1, and the equivalent country-specific standards including AS/NZS CISPR and BS EN 55014-1

Essential safety requirements: AS/NZS 3820 and AS/NZS 4417.

Energy efficiency for refrigerated appliances: MEPS (Australia/New Zealand), EPREL (European Union).

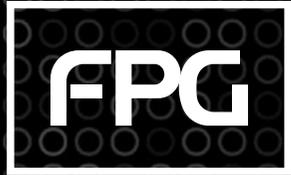

Some countries permit self-declaration while other countries may require external testing and certificates of conformity.
